

This is to certify that
Croft Associates Limited

Building F4 Culham Science Centre, Abingdon, OX14 3DB

Has been assessed
by Stefan Thomas for BSI Group
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Croft Associates Ltd Perimeter Network

Certification date: May 13th, 2019

Recommended re-assessment date: **May 13th, 2020**

Certificate no.: 8468407742470365

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
