

# SAFKEG® 4087 HANDLING PALLET

## Description

The Handling Pallet (Part No 8213) is designed for the efficient handling and transportation of the SAFKEG® 4087 packages. The pallet ensures secure attachment through suitably rated ratchet straps connected to the four swivel lifting eyes at each corner. Compatible exclusively with forklift trucks, it is a practical choice for straightforward transport of SAFKEG® 4087 packages.
